ACTIV 605 SUNDECK

FUN IN THE SUN

The improved Activ 605 Sundeck hits the water with a more dynamic design and upgraded functionalities. It is made for cruising, water sports and fun in the sun. So head out for a day trip with up to 7 people or surprise your partner with a romantic getaway. A Mercury engine with up to 150 hp guarantees safe navigation during the day and the boat's cabin converts into a cosy berth at night.

SAFETY

Safety begins with a reliable engine. The Activ 605 Sundeck is compatible with a series of single outboard Mercury engines (115-150 hp). On board, wide steps to the sun lounge area, a high freeboard and well-placed handrails provide passengers with all the support and comfort they need to move around freely. A pivoting backrest allows for an unobstructed access to the swim platform and the integrated swim ladder.

COMFORT

The Activ 605 Sundeck has one of the largest sundecks in its category. Even the bow anchor locker is covered with a cushion to extend the sunbathing area to the max. The helm of the boat has been completely redesigned for a more modern, stylish look and improved use of space for instrumentation. At the same time, the pilot and co-pilot bucket seats with flip bolsters, swivels have been fortified for enhanced driver comfort.

VERSATILITY

Flexibility is a given on the new Activ 605 Sundeck, both on and below the deck. The cockpit converts into a dining area for up to 4 adults, thanks to the removable table, starboard and portside integrated cup holders and pivoting pilot seats. Cabin space can be used as a U-shaped seating area or as a comfortable 2-person sleeping berth, depending on the cushion configuration. An optional ski mast adds water sports to the list of activities the boat has in store.

STORAGE

Storage capacity on the boat is plentiful. For starters, the bow anchor and line locker are fully integrated. The exterior table and filler cushions fit into a dedicated storage area and the same goes for the stern navigation light and water sports equipment. Supplementary storage space for small items and personal belongings is located both underneath the aft seat and below the berth in the cabin.

SMART EDITION

Be sure to get what you need: the Smart Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately.
