Water capacity _____	330 + 200 opt l / 87 US gal
Sail area: Standard _____	90.3 m ² / 972 Sq ft

* Optional equipment

** Mid-load speed, clean hull without antifouling

REDEFINING MOVEMENT ABOARD

- A Inclined side deck
- B Gentle companionway and one-level interior
- C Split rigging (V1 and D1)
- D Extending coamings transform into sun deck

INCLINED SIDE DECKS

The side decks slope down to join the cockpit floor level meaning that there is no need to step over the coaming. The protective bulwarks run from stem to stern. Specially-designed drainage ensures that the cockpit stays dry.

EXTENDING CAOMINGS

A truly exclusive feature. The tall, protective coamings can open out to form a large and accommodating lounging area.

SPLIT RIGGING

The vertical shroud is placed on the outside of the hull to give the mast maximum stability and the inner, diagonal shroud is placed inboard to provide an easy passage forward and a larger genoa.

EASY-ACCESS BOOM

The lowered gooseneck means easy furling of the sail and increases sail area.

CENTRALIZED WINCHES

The jib and mainsheet are lead to the helm stations winches that are placed inboard so that they can be easily handled from the safety of the cockpit.

FULL-FEATURED COCKPIT TABLE

Rarely has a cockpit table contributed so much to the livability of a boat. The aft end houses controls for lighting and instruments, the forward section is reserved for storage and an innovative, portable 12V drinks fridge. There is also a portable BBQ grill that can be use onboard or taken ashore along with the portable fridge for a picnic!

Standard: Polyester leaves

Fridge in the cockpit table (option)

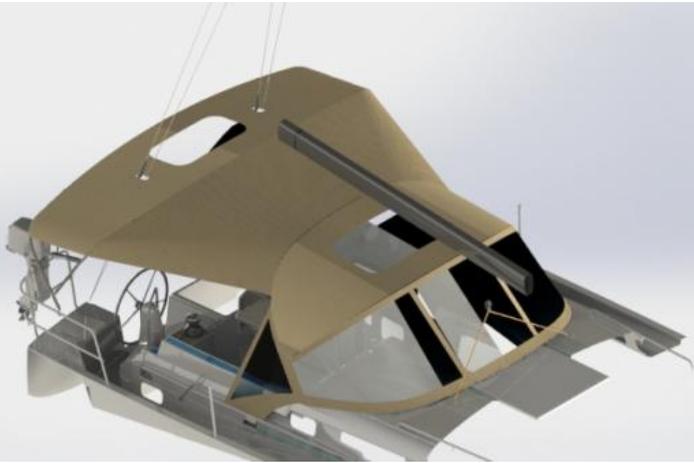

Option: Teack leaves

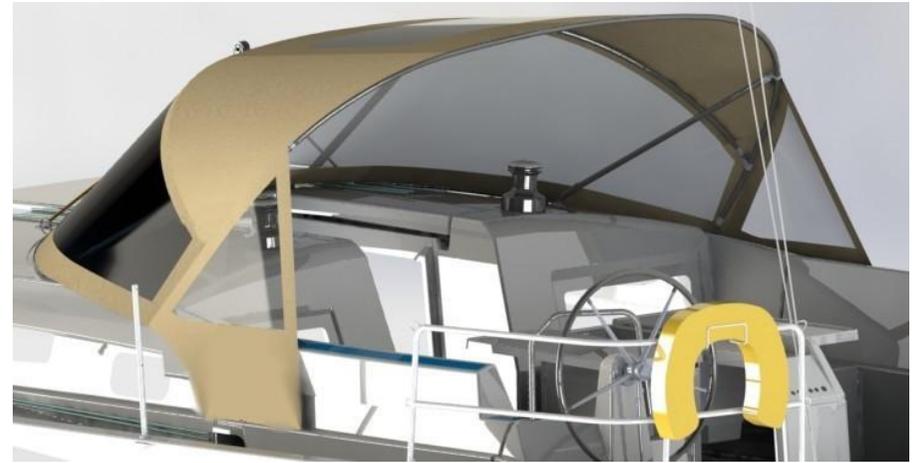

Portable barbecue in cockpit sink (option)

ENHANCED CANVAS OPTIONS

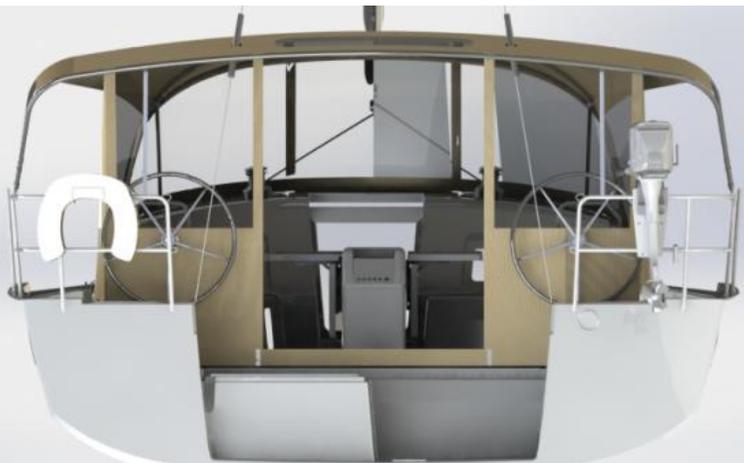

Specially-designed canvas options including an innovative full-enclosure option and high visibility sprayhood provide protection and comfort in all conditions.

Sprayhood + Bimini with zip-out junction

Sprayhood

Back view

Full enclosure

ONE-LEVEL INTERIOR

The gentle companionway provides access to an interior that is all at one level with no door sills – even into the head compartments.

FULL-FEATURED INTERIORS

- A Large aft locker (2 cabin version)
- B Central galley
- C Real chart table
- D All berths are rectangular
- E Room for generator
- F Sail locker

GENEROUS OWNER'S CABIN

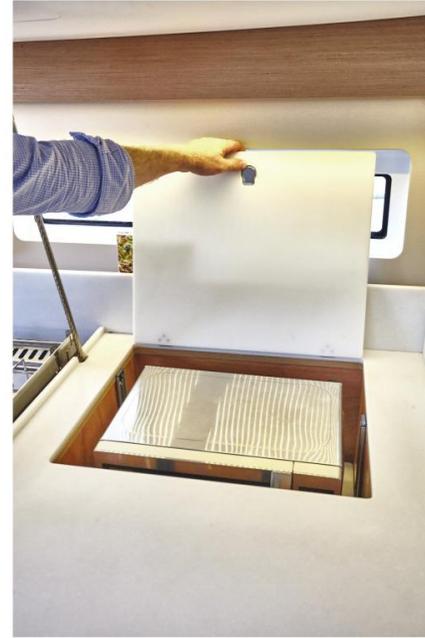

The combination of shifting the head compartment aft, the forward sail locker and the wider forward section of the hull provide an owner's cabin never before seen on a boat this size. A 160cm wide by 200cm berth with plenty of storage and a private head and separate shower is accented by the double door access.

CENTRAL GALLEY

Located in the middle of the boat means it is in the most stable part of the boat with easy access to the saloon and cockpit. Innovate solutions for microwave and dish storage. Ventilation for the stove is provided by an ideally-located opening port.

CENTRAL GALLEY

A "REAL" CHART TABLE

A true "best-in-class" feature. Contoured seat with large and deep desk with integrated pen storage. Storage compartments abound, signature clock and barometer set and state-of-the-art touch screen panel provide excellent monitoring of tankage and batteries.

FULL-SIZED, RECTANGULAR BERTHS

The interior design was carefully managed to ensure that each cabin has a rectangular berth.

GENTLE COMPANIONWAY

Set at a 40° angle, the companionway gives a comfortable access to the interior and is moulded to ensure resistance to the elements.

LIGHT AND VENTILATION

Light and ventilation are particularly well-treated onboard this new range. Views to the exterior through the long hull ports, side windows of aft windows to the cockpit.

EXCLUSIVE WOOD AND UPHOLSTERY SELECTION

Traditional Teak or contemporary Grey Cedar timber and a very wide selection of the latest fabrics provide a bespoke experience.

SELECTION OF WOOD

Teack

Grey cedar

The wood used for the floor is matching perfectly with the ones used for the bulkheads.

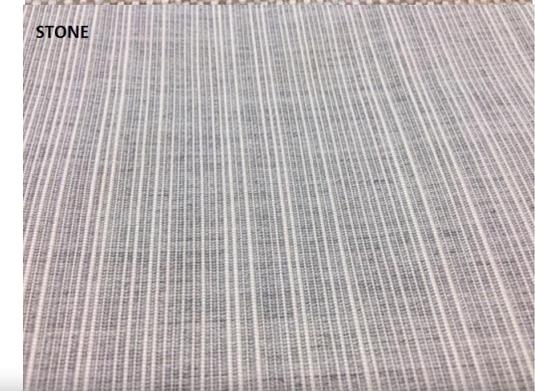

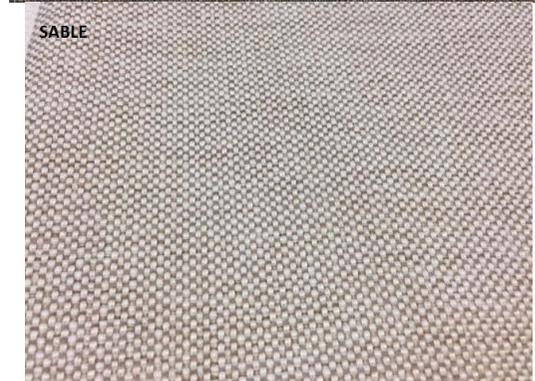

SELECTION OF FABRICS

The wide choice of fabrics will allow you to configure your boat in your image.

List of fabrics : Weiss, Pineapple, Stone, Turquoise, Strawberry, Ocean, Swan, sable, Café

Going from blue to red through natural tones, the choice is yours.

SAILING PERFECTED

- A Philippe Briand design - Inspired by the latest offshore racing yachts
- B Full length chine
- C Twin rudders with JEFA roller bearings
- D Performance rig with over 10% more sail area
- E Very wide, powerful forward section
- F Integrated bowsprit
- G L-shape keel

SUN ODYSSEY 440 SAILS 24/46

MODERN HULL WITH FULL CHINE

The full forward section provides the kind of power and stability usually reserved for racing yachts. The full-length chine gives the yacht excellent tracking.

SECURE HELM STATIONS

Located far outboard thanks to the inclined side decks, the helm stations are secure and provide excellent visibility of the sails. Angled multi-function displays put all the information at your fingertips.

CATHEDRAL RIGGING

The double spreader design with cathedral rigging lowers the center of gravity of the rig, which improves the stability of the boat, while enhancing the rigidity. In short, the advantages of a triple-spreader rig with easy trimming.

TRIM LEVEL PREMIERE 2018

This finish includes: GRP bowsprit integrated stainless steel anchor roller, second windlass control with chain counter, line bags in cockpit, battery charger, extra batteries, courtesy lighting in the cockpit, 2 burners stove and grill, GRP windows eyelids, navicolor battery monitoring

GRP windows eyelids

▶ *Pearl dark green*

▶ *Matte metallic blaze orange*

▶ *Gloss metallic brown*

▶ *Gloss burgundy*

▶ *Gelcoat white*

▶ *Champagne*

AVANTAGES OF VINYL HULL WRAPPING

- Customized
- Unique
- Less expensive than paint
- Repairable
- Many colours and finishes
- Removable
- Easy for the resale

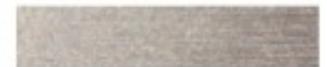

To complete this offer, 4 choices of hull striping are available.

HULL STRIPING

▶ *Gloss metallic black*

▶ *Brushed titanium*

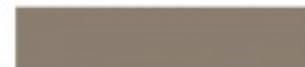

▶ *Gloss metallic dark bleu*

▶ *White*

▶ *Champagne*

LIFELINE GATES WITH REMOVABLE BOARDING LADDER

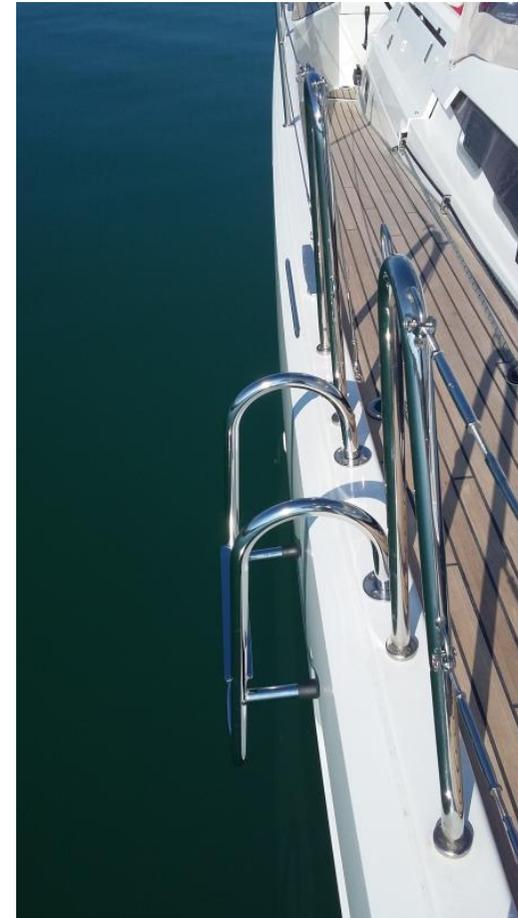

Lifeline gates make your life easier. They allow you to get on or off the boat from the side, more easily.

Removable ladder

Easy access

Secured

RETRACTABLE BOW THRUSTER

Eliminates drag when sailing and provides more power for maneuvering because it can be placed further forward thus increasing the lever arm distance. The thruster also is deeper so it is less prone to cavitation which decreases performance.

EPSILON LITHIUM BATTERIES

Replaces lead service batteries - Require trim level Premiere or Preference - Solar panels recommended

NEW OPTION: LITHIUM BATTERIES

EPSILON – TECHNOLOGIE LIFEPO4

GREAT AUTONOMY
100% of useable energy

LIGHTWEIGHT!
With equivalent energy:
More than 65% in weight gain
= reduced volume !

MAXIMUM SERVICE LIFE
≈ 5 000 cycles

TOLERANCE TO HIGH TEMPERATURES

OPTIMUM COMFORT
Compatible with powerful
230V AC/DC inverters!
NO NEED TO COMPROMISE!

SUPER-FAST CHARGING
2 hours when under power
1 hour when charging with solar cells
in optimal conditions

PEACE OF MIND
Very low self-discharge;
store your battery safely
for several months

Number of domestic batteries 90Ah Lithium
